ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 8, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That, for the purposes of paying and funding the present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums or denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment of so much of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and especially appropriated to the satisfaction and discharge of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and tenor be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the amounts to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money or said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a slip inscribed containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all necessary measures and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 3d day of March, A. D. 1869.

(Signed,) TOD R. CALDWELL, President of the Senate.

IMPORTANT TO MILL OWNERS.

IN ORDER to accommodate the Milling public with "GODWIN'S PATENT VENTILATOR AND BOLTING CLOTH CLEANER," the undersigned has reduced the price of his Smut Machines to $75. The two will be combined. This important invention guards against damp wheat and damp weather, thoroughly cleaning the Cloth each revolution the Reel makes, and filling the Reel all the time with cold air. Send back your old Machine and have them renewed there, by saving the price of a new machine. They will be returned and warranted for four years. In no case buy a Smut Machine without writing to me first as there are Machines now being sold as McMannen's Smut Machines which are only an imitation.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, MARCH 23, 1869.

OUR ADVANTAGE.

We have no desire to imitate the *Standard* in the use of hard, harsh, foul or false language. What he says of us can't reach the public eye, for want of subscribers to the vile sheet. But for the orders of Judge Brooks, in the matter of Bankrupt advertising, and the patronage of the government, the base thing would die in forty-eight hours; it would fall like the foul Penitentiary purchase.

We have indulged in no abuse of the Radical rogues who are defended by the *Standard*; we have simply named them and their crimes, and for so doing the *Standard* calls us "liar," "scoundrel," and applies every foul appellation that Vistor Barringer, the Lieutenant Governor, or the Governor can command, and the Governor might be set down as the prince of Billings gate.

The *Standard* has but few decent subscribers; it is owned by men who have been plundering the people of the State, and it is not patronized by the people, but by carpet baggers and a few natives who sold themselves for office and place. The *Standard* has justified and now justifies all the corruption that is known to exist in that carpet-bag Legislature. Its editor is presented by the Grand Jury of Wake for lobbying and attempting to influence the members of the Legislature with whiskey and money.

We now publish an article from the *Standard* upon the *Sentinel*:

AT IT AGAIN.—No one who knew Josiah Turner, Jr., expected anything but black guardism in the columns of the *Sentinel* from his pen. They expect anything else would be as to expect water to run higher than its source. Purity, truth, honor and justice cannot be expected in a man who has none of these qualities in his soul.—Some sanguine persons expected that when he associated with himself a sample of a secession divine that there would be a *corresponding* improvement in the morals and manners of that paper. Such may have been a natural expectation in those who have no experience with this class of men. Now they are undeceived, and just as we looked for, the issue of the 18th, is more filthy, false and abusive of better men than usual. It is a perfect laundation of dirt and lies.

We have no hesitation in expressing our conviction that the matter of the attack upon the Secretary of State was known to the writer to be false in *every* part of it.—It is but a specimen of Confederate decency and malignity. We ourselves do not hesitate to assert that he who *knows* a matter to be false and asserts it as if true or for truth on the representation of another, is viler and baser than his base informant. And this is the very attitude in which the writer of the article stands toward the Secretary of State. He is a slanderer and is degraded below his pretended "cove."

The attack on Superintendent Ashley is of the same character. A mere pretext is trumped up in his case that may seem an occasion for an exhibition of petty malignity. The Superintendent of Public Instruction is a man as pure and exalted in his public and private relations that no man, who did not degrade the form of humanity, would thus assail him. It would disgrace an assassin who might have some cause for his deed, but all this malignancy and falsehood has only the base and mercenary purpose for pay to gratify a depraved public appetite created by the reverses of the war, and thus to injure a party that has done itself honor to place him in a high position to do good.

We would not think of vindicating either of these gentlemen. It is not needed.—Their slanderers know that they are utterers of falsehood. And degraded is the partisan spirit which exhibits itself as seen in the *Sentinel*. Let its pious editor give it all the endorsement he can, and yet it is felt to be a calumniation that has no excuse and must receive the merited condemnation of every decent man.

Now the readers of the *Sentinel* will suppose that it was some attack that we made upon Menninger the carpet bag Secretary of State that called forth this abuse of us, but they are mistaken. We have made no attack upon him any more than we have upon Gen. Littlefield the editor of the *Standard*. We have only published facts as they come to our knowledge. One of the Holden family, a Radical gentleman who lived for years in the Governor's family and who has as much character for truth, as any man connected with the *Standard*, informed us, that Menninger had on his parlor floor a carpet that was bought for the capitol, and had in his buggy two cushions, which this gentleman made for chairs in the capitol, and for which the Treasurer had paid him, and without saying a hard or harsh word we simply published his statement.

This gentleman informed us that a little negro girl took, or stole, if you please, some cake from the side-board, and this cruel Yankee gave her "ipecac" to make her throw it up.

Now, we ask Dr. Grissom, of the Lunatic Asylum, if it takes fifteen grains of "ipecac" to make the child throw up the cake, how many grains will it take to make Menninger throw up the cushions and the carpet?

We dismiss the subject by saying, that this gentleman of the Holden family has not only stated but has sworn to the facts that we have here given, and the Committee to investigate the charges against the Secretary of State have only to call on him for proof. But we know what will become of it. It will all be hushed as was the Penitentiary fraud, for, notwithstanding the carpet and the cushion, Menninger is as much of a gentleman as most of his party.

The Steamer Halcyon, seized by the Collector of Wilmington, has been released. The fine of $500 was paid.

LEGISLATIVE DISCUSSIONS.

There was lively debating yesterday in the Senate and House. The discussions were of unusual interest for the body now in session. We propose to refer briefly to some of the points made during the debate. We hope all of our readers will patiently read the remarks as reported in yesterday's *Sentinel*, but a few observations will perhaps not be out of place to-day.

The chief subject of discussion in the Senate, was the report of the Joint Committee to investigate the affairs of the Treasurer, Dave Jenkins. The report was long. The charge investigated was that the Treasurer and one Pruyn, of Penitentiary notoriety, had jointly speculated on the necessities of the members by purchasing, at a discount, the *per diem* claims of the members. The bonds issued for what is known all over North Carolina as the "Penitentiary swindle," were looked into and reported upon. The Committee reported "*no fraud—all fair dealing*," as far as the issuing of the bonds was concerned. As far as the Treasurer is interested, there may possibly be no fraud, but there was certainly very great incompetency manifested. Mr. Sweet boldly charged in his speech of yesterday, that "in the disposition of the bonds (Penitentiary) the Treasurer *had evaded the laws and act authorising the issue of the bonds*." He denied that he had acted as other Treasurers before him, and declared that Jenkins was the first Treasurer who "*had disposed of State bonds without receiving something in consideration therefor*." He charged that the Treasurer had *violated the law in his official capacity*.—For said he, "*the law creating these bonds specifies that they shall be sold at par*. They had not been sold at par, *but bartered away* —not by the Treasurer, but *by the Penitentiary* Committee for land and a site, for sixty five cents in the dollar." Senator Lassiter was on *that* Committee.

Mr. Sweet held the Treasurer responsible, and so will the people hold him responsible for the manner in which these bonds were disposed of. The bonds ought to have been sold as the law required at one hundred dollars for each bond of a hundred dollars valuation. But this had not been done, and, therefore, the Senator could not see how the Committee could report "that the Treasurer had acted with prudence and caution." It will be exceedingly difficult to make rational people credit such a statement.

We can discern neither "prudence" nor "caution," in the Treasurer's management. It seems to us that the report is a poor attempt to bolster up the known incompetency of a public functionary. Mr. Sweet will call the report "a job of whitewashing well done," but, after all, he thinks "the coating was a very thin one." And so do we, Mr. Sweet, and so will the honest people at home think. When a large sum is lost to the State, by bad financial operations, or by any other process, good people, at home, will not be able to understand how the chief manager can have acted with wariness and discretion. It may be, as we have said, there has been no fraud, on the part of the Treasurer, but surely, *surely*, there has been gross and palpable incompetency, and blindness to the proper interests of the State.

We deem it necessary, in this connection, to state, that the White Washing Committee do not attempt to cover over with even a very "thin coating," the base swindle perpetrated by those engaged in the Penitentiary purchase. That affair is so utterly corrupt, so destitute of any redeeming feature, that the admirers of the Committee, and, if we are correctly informed, even some of the Committee of Purchase, themselves, cannot and do not attempt to excuse their own blindness, not to use a harsher term. The fact that the State was swindled is patent to all. He that runs may read. It will remain a foul bar upon this age. The Committee, whose report was discussed yesterday, do not attempt to exculpate the parties to the Penitentiary swindle, but exonerate the Treasurer from being party to it.

But as to the Penitentiary bonds that were paid over to Pruyn and Company, Mr. Sweet charged that the Treasurer had not made even a *quasi* conformity to the law—had not disposed of the bonds at all, but "had permitted the Committee to barter away the bonds at 65 cents in the dollar." We are not disposed to charge fraud upon any innocent man but we feel justified in reiterating the point made, successfully as we think, by Senator Sweet, that Treasurer Jenkins has exhibited an incapacity that is astonishing. He has not complied with the law, and he has permitted an ignorant and corrupt Committee "to barter away these bonds at 65 cents in the dollar."

Mr. Sweet was specially severe upon the Treasurer's action with regard to the stamps to be put upon the mortgages he received. There was a transaction involving $2,000,000, and the Treasurer, who is so "prudent and cautious" actually received mortgages to this amount without their being stamped, and that too in the face of the United States law requiring them to be stamped. Coleman the Attorney General, who was never suspected of knowing any law, gave him his wise counsel and thus, according to the Treasurer's statement, originated his own blunder. The stamps would cost $2,000, and therefore the United States would be defrauded for that amount. Mr. Sweet truly spoke when he asserted, that if the Treasurer had had "the welfare of the State at heart, he would *not* have taken the opinion of the Attorney General."

Mr. Sweet had him if the greatest respect for the Attorney General, but he had, by his own course, forfeited his (Sweet's) confidence in him as a lawyer. He was the *wrong* man for the place he held. This declaration only echoes the opinion of the intelligent people of North Carolina. Mr. Sweet said that the Treasurer would not consult the Attorney General in a private matter of his own, involving the sum of $50. In a transaction of this kind, he would, like other men, put a stamp upon the writing. But in a large transaction of $2,000,000, he seeks the advice of the Attorney General, and fails, as a consequence, to comply with the U. S law, which requires a stamp upon every mortgage. According to Mr. Sweet, neither the great State Financier, nor the equally great State Lawyer, knew, "*what every little fifteen dollar groceryman knows*, and that is, *that stamps on mortgages are necessary*." Slightly "heavy" Senator on the Treasurer and his legal adviser! You may rest assured that the failure to put the stamps upon the mortgages resulted from ignorance. The whole thing is a revelation to them at once, new and startling. "Pity the sorrows of a" couple of incapable Public Functionaries. They know not what they did.

Our article is already too long, and we postpone other remarks until to-morrow. The doings of the hands are waxing interesting, and we must try to keep our readers duly advised.

Legislature of North Carolina.

HOUSE OF REPRESENTATIVES.

AFTERNOON SESSION.

MONDAY, March 22, 1869.

Mr. Pou, from the Committee on Judiciary, reported favorably upon the bill to extend the time wherein widows may dissent from their husband's will. Placed on Calendar.

UNFINISHED BUSINESS.

Bill appropriating $12,000 to the University.

The question recurred upon the motion to reconsider the vote by which the bill was postponed until the Common School bill should pass.

Mr. Stilley hoped the motion to reconsider would prevail.

Mr. Durham said the State could better afford to remove the University from its present location, and build up a new University somewhere else, than give $300,000 to an insignificant Railroad, which would never pay, and would, probably, have to have annual appropriations made to it, in order to keep it up. He had been informed, by a member of the Board of Trustees, and a prominent Republican, that the Executive Committee had employed these six Professors without the least authority, &c.

Mr. Downing argued for sometime in favor of the motion to reconsider.

Mr. Hodnett said he had warned gentlemen in the early part of the session that by their reckless appropriations they were incapacitating the State from carrying out a liberal system of common schools. He did not think the masses were so much interested in a University. They wanted common schools in which children of poor people could enter and obtain some education. He thought this appropriation entirely unnecessary, therefore he hoped the motion to reconsider would not prevail.

Mr. Stilley next occupied the floor in favor of the motion.

W. T. Hayes, colored, favored a reconsideration.

Mr. Ingram thought this a scheme to build up an establishment for rich men's sons, while common schools which were to benefit the poor people was being entirely ignored.

Mr. Ferebee was willing to vote for a liberal appropriation to the common schools, but he was opposed to giving this money to support a set of men in idleness.

Cuffee Mayo, colored, called the previous question upon his motion to reconsider, but withdrew it in favor of

Mr. French, who proceeded to argue in favor of a reconsideration, when,

Mr. Malone asked him (French) if he was in favor of colored people going to the University.

Mr. French: I am in favor of having a separate department *at the University* for colored persons.

Mr. French continued for some time and during his remarks said, that in regard to common schools he was in favor of the County Commissioners deciding as to whether there should be separate schools or not.

Reynolds, colored, favored the motion to reconsider.

Cuffee Mayo, colored, renewed the call for the previous question.

The yeas and nays were called and the House sustained the call by a vote of yeas 54, nays 23.

The question recurred upon the motion to reconsider.

The yeas and nays being called, the House adopted the motion by the following ballot:

YEAS.—Messrs. Ames, Argo, Barnett, Blair, Bowman, Cawthorn, Downing, Forkner, Foster, Franklin, French, Gahagan, Graham, Harris, of Wake, Hayes, Hilliard, Hodgin, Hoffman, Horney, Hudgings, Justice, of Rutherford, Kinney, Laflin, Mayo, Mendenhall Moore, Pearson, Peck, Price, Procter, Ragland, Renfrow, Robbins, Reynolds, Simonds, Snipes, Stanton, Stevens, Stilley, Sykes, Vest, White, Wilkie, Williamson—yeas 44.

NAYS.—Messrs. Armstrong, Banner, Carson, Clayton, Davis, Davidson, Durham, Farrow, Ferebee, Gibson, Gilbert, Green, Gunter, Harris, of Franklin, Hawkins, Hicks, High, Hinnant, Hodnett, Humphries, Ingram, Jarvis, Justus, of Henderson, Kelly, of Davie, Kelly, of Moore, Leary, Long, of Chatham, Long, of Richmond, Malone, Moore, of Alamance, Morris, Painter, Parker, Pou, Proffitt, Siegrist, Smith, of Alleghany, Sweat, Vestal, Whitney, Williams, of Harnett, Wilson—nays 43.

The question recurred upon the motion to postpone until after the passage of the School bill.

Mr. Bowman moved to amend the motion by postponing and making it a special order for to-morrow at 11 o'clock.

The motion prevailed—yeas 43, nays 39.

On motion of John H. Williamson, colored, the rules were suspended, and the bill to amend the charter of the Louisburg branch of the Wilmington and Weldon Rail road Company was made a special order for to-morrow at 44 o'clock.

On motion of Mr. Stilley, the rules were suspended, and bill to extend the time within which widows may dissent from deceased husband's will was taken up. The Judiciary Committee recommend the passage of the bill with certain amendments.—The amendments were concurred in and the bill passed its several readings.

On motion of Mr. Gahagan, the rules were suspended, and the bill to authorize the Commissioners of Madison county to levy a special tax passed second reading unanimously.

Mr. Ames moved to reconsider the vote by which the bill concerning the Eastern and Western Railroad passed this morning.

Mr. French moved to postpone that motion until Thursday next, at 12 o'clock.

Adjourned.

SENATE.

TUESDAY, March 23, 1869.

Mr. Brogden arose to a question of privilege. In his remarks on the Tucker claim last Saturday, it is thought by Mr. Tucker that he, (Mr. Brogden,) had done Mr. Tucker injustice—he disclaimed any such intention. In the course of debate, he only intended to convey the idea that Mr. T. was a shrewd, money making man. He hoped this explanation would prove satisfactory to all parties.

Messrs. Cook, Brogden and Forkner, from their respective Committees, made reports on bills which will be noticed hereafter.

Mr. Bowman from the Special Committee to whom was referred the bill to raise Revenue, made a report of the same with numerous amendments.

Mr. Cook moved that the amendments be adopted, and the bill be printed and made the special order for to morrow 11 o'clock.

The motion to postpone and print was withdrawn by Mr. Cook, but, renewed by Mr. Lindsay. The motion did not prevail.

The bill was then taken up on its third and last reading—by sections, and considered up to the hour of adjournment—2 o'clock.

HOUSE OF REPRESENTATIVES.

TUESDAY, March 23, 1869.

Prayer by the Rev. Mr. Long, of Chatham, of the House.

Journal of yesterday was read and approved.

Leave of absence were granted to Messrs. Graham and Siegrist.

Mr. Painter presented the report of the Commissioners of Jackson County. Referred.

Mr. Snipes, from the Committee on Propositions and Grievances, reported favorably upon the bill abolishing the office of Councilman in the City of Newbern.

On motion of Mr. Snipes, the rules were suspended, and the bill passed its several readings.

A message was received from Senate concurring in the proposition to print 400 copies of the report of the Joint Committee to investigate the operations of the Treasurer.

CALENDAR.

Bill to amend section 3, chapter 39, Revised Code, in regard to alimony was taken up, and passed its third reading.

Bill to amend title 7, section 72, Code of Civil Procedure was next taken up and passed its several readings under a suspension of the rules.

Bill to punish persons for killing or injuring live stock, was next taken up, and referred to the Committee on the Judiciary.

Bill making it a misdemeanor for any to refuse to work on the public roads was next reached, when,

Mr. Hodgin moved to lay it on the table. The yeas and nays being called, the House rejected the motion by a vote of yeas 31, nays 52.

After a lengthy debate, the bill was in definitely postponed.

Bill to authorize the Board of Education to sell stock owned by the Literary Fund in the Cape Fear Navigation Company, was taken up and referred to the Committee on Education.

Bill requiring all contracts for the State to be advertised, was next taken up, and recommitted to the Judiciary Committee.

Bill concerning orphans and destitute children was next reached, and was also referred to the Committee on the Judiciary.

Bill granting to the United States government the tract of land near Raleigh now occupied as a Union Soldiers Cemetery passed its several readings under a suspension of the rules.

The bill concerning public roads and bridges in Robeson was next taken up.

On motion, the Senate amendments were concurred in and the bill was ordered to be enrolled for ratification.

Mr. Downing introduced a bill making the act of going masked, painted, or disguised a felony.

Mr. Downing said the reason he introduced this bill was that the Governor was being daily advised of outrages perpetrated by persons in disguise. [The bill provides that if any male person shall be or go masked or disguised in any place except his own house he shall be guilty of felony. Further, that it shall be the duty of all officers authorized to make arrests, to arrest all persons wearing masks or any kind of disguise; and further, that any person firing upon a person masked or disguised shall not be guilty of any offence.]

Mr. Durham said he intended to move to lay the bill on the table. If the Governor had been advised truthfully of such outrages it was his duty to suppress such lawlessness by means provided for by law.—Just such bills were presented to Legislatures in times of excitement, and are more calculated to do harm than good. This bill was ridiculous in the extreme, and no man of sense would vote for it. A man riding or walking a cold night with the cape of his overcoat over his head might be deemed by this bill as being masked or disguised, and, therefore, liable to be shot down, &c. He moved to lay the bill on the table, and, on that motion, called the yeas and nays.

The Clerk called the roll and the House refused to lay on the table by the following ballot:

AYES.—Messrs. Argo, Armstrong, Clayton, Davis, Davidson, Durham, Farrow, Ferebee, Gibson, Green, Hawkins, High, Jarvis, Kelly, of Davie, Matheson, McMillan, Painter, Proffitt, Robinson, Smith, of Alleghany, Smith, of Wayne, Whitley and Williams, of Sampson.

NAYS.—Messrs. Ames, Ashworth, Banner, Barnett, Barnes, Blair, Carson, Cawthorn, Cherry, Downing, Estes, Forkner, Foster, Franklin, French, Gahagan, Gilbert, Graham, Gunter, Hayes, Hendricks, Hinnant, Hodgin, Hodnett, Horney, Hudgins, Ingram, Justus, of Henderson, Justice, of Rutherford, Kelly, of Moore, Kinney, Laflin, Leary, Long, of Richmond, Mayo, McLaurin, Mendenhall, Moore, of Chowan, Morris, Parker, Pearson, Pou, Price, Proctor, Ragland, Renfrow, Robbins, Reynolds, Siegrist, Simonds, Snipes, Stanton, Stevens, Stilley, Sweat, Vestal, Vest, White, Wilkie, Williamson and Wilson.

Mr. Downing then moved to refer it to the Judiciary Committee, with instructions to report to-morrow morning, and make it the special order immediately after the morning hour. Carried.

CALENDAR (RESUMED.)

The bill to protect Sheriffs in the sale of lands for taxes, was taken up, and passed its third reading.

Bill to lessen expenses in taking depositions was taken up and passed its several readings.

Bill providing for holding special terms of the Superior Courts was next reached, and on motion, referred to the Judiciary Committee.

Bill to limit the rate of interest in this State, was taken up.

A long debate ensued, when

Mr. Bowman moved to lay the bill on the table.

The yeas and nays being called, the motion to lay on the table prevailed, by a vote of yeas 57, nays 18.

On motion, they adjourned until 4 o'clock this afternoon.

The son of Rev. Mr. Montague, of Whitewater, Wis., was delivering a college valedictory, when, in pulling out his handkerchief, he pulled out a pack of cards.—"Hullao!" he exclaimed, "I've got on my father's coat." Promising young man.

The New York "World" says wittily and wisely. "We begin to get a glimpse of what 'Let us Have Peace' means: 'You do everything *I* say, and then we won't quarrel.'"

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, intemperance, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose rich blood swells in the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions* or *Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose families of ills were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in no way injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA.

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 26th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he loons into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.
Amount insured, $1,065,850.00
Total Premiums, $30,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 572
By the Mutual Benefit of New Jersey, 693
" New England Mutual, 343
" Phœnix Mutual, 235
" Massachusetts Mutual, 312
" Equitable of New York, 277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.
In its 10th year, 1,380
And in its 20th year, 2,847
this latter being 600 *less* than was issued by the NATIONAL in its first seven months.

CAUTION! We desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

OUR JOB OFFICE.

We call the attention of our friends to the fact that we are now prepared to execute all kinds of Job Work, and will be very glad to receive their orders. Send them in.

THE Messrs Tucker are receiving a large stock of goods. They appear to be very busy. They are evidently jobbing a considerable amount of goods. Every thing about their elegant establishment reminds one of the most attractive stores in our largest cities.

THIEVING.—Some one stole a still cap a few nights since from Mr. Hasselbach's premises. The dwelling house of Dr. W. H. Murdoch on Newbern Street, was entered on last Saturday night. The rogue soon retreated but made a descent upon the coop and carried off all the chickens.

RALEIGH BINDERY.—The book bindery of our friend John Armstrong is very complete. The best blank books we have ever seen are those he has recently made for the State. Our merchants throughout the State would do well if they would buy their blank books of this gentleman. He uses the very best paper and does the work most admirably. His prices are as low as those of New York. This is true, as we are assured.

BRIGNOLI'S TROUPE.

A number of gentlemen of the City have engaged this celebrated Opera Troupe, composed of the most distinguished artists in this or any country. We have had so many inferior exhibitions of late, that at last, it is a matter of gratulation, an opportunity will be afforded of hearing some of the greatest of living singers. It is to be hoped that our people generally will avail themselves of this occasion, and exhibit a proper appreciation of artistic excellence. They will be here on the 7th of April.

We most cordially invite the attention of our readers to the announcement found in another column, from P. F. Pescud, Esq., the General Agent of North Carolina, for the National Life Insurance Company of the U. S. A., which is attracting such general attention, and in which so many of our citizens are securing policies for the benefit of their families. Mr. Pescud has issued a very large number of applications, &c.—He tells us that nearly all are for $25,000, $20,000 and $10,000. Policies are written for persons insured in other popular Companies. The all cash plan and very reduced rates of the National makes it a general favorite.

A CORRECTION.

It gives us pleasure to make a correction which is due to Mr. Nicholson of the House. He was reported as being brought before the bar of the House when certain members were arrested at Tucker Hall. This is a mistake as to Mr. Nicholson. He is a Christian gentleman who attends strictly to his Legislative duties, and was in his place in the House when he is said to have been arraigned. We regret that injustice was done him. It was purely unintentional. We request papers that have copied our error to make the necessary correction.

NEW RAILROADS.—The bill chartering a road from Plymouth to Wilmington—and the bill chartering a road from Edenton to Suffolk—have passed their third readings in the Senate, and go to the House for concurrence. We have no doubt of the passage of these bills through the House.

THE WHITE FAWN.—We wish the Press to beware, that if they have transaction, with the manager of this concern, they would be wise to make him or his agent pay in advance for his advertisement. He disputed our bill for $10, and only paid it after being dunned again on the last night. He refused to give the "boys tickets" also. We inserted his advertisement three times, (5 squares) and three notices appeared in the local columns, making more than 5 squares additional. He and his act are corrupt, and we are glad to know that the patronage they received in this city was confined, to a very great extent, to the men.

WAR.

"The new rebellion in Alamance county shall be suppressed, peaceably if it may, *forcibly if it must*." This is what "Gov." Holden says in his paper this morning.—We now understand what the arming of certain negroes means. We were told yesterday that some twenty had been taken to the armory and supplied with Colt's shooters. We learnt this morning that these are some of Holden's "mailish," intended for the "new rebellion in Alamance county." Our "Gov." has before his eyes the martial figure of Brownlow and is bent on acquiring a reputation quite equal to his great exemplar. "Let us watch and wait."

SENATOR MORTON.

This gentleman has introduced a joint resolution in the United States Congress that is dangerous, to say the least. The *National Intelligencer*, always moderate and conservative, regards it in this light, and does not hesitate to characterize it as a "revolutionary" proposition. It seems the Democrats in the Indiana Legislature have resigned. This was done to prevent the passage of the XVth Amendment in opposition to the wishes of the people of that State. An election is called on the 24th inst., to fill vacancies. If the Democrats should triumph, a *quietus* will be given probably to negro suffrage, as far as the action of Indiana is concerned. Of course the Radicals are putting forth their best efforts to secure the necessary three fifths. If they fail, then their Senator, Morton aforesaid, wishes to provide against such a disaster. He, therefore, introduces his resolution declaring that a bare *majority* in any Legislature shall be sufficient to ratify any Amendment to the Federal Constitution.—Such a procedure merits a stern rebuke and is only another evidence of Radical unfairness. They seem bent on forcing negro suffrage upon the people whether they so will or not. The *Intelligencer* remarking upon the Indiana Senator's bill well observes:

"His resolution involves the assumption that Congress and the State Constitutions can prescribe what shall be a quorum in a State Legislature and the forms of its proceedings. If they can make a mere majority a quorum, then it is equally competent for them to say a lesser number, or that it shall take four fifths or nineteen-twentieths to constitute a quorum. The proposed resolution of Congress would be revolutionary in its nature, and mere *brutum fulmen*. It would not be respected; but such are the schemes by which it is proposed to override the popular will."

"NOTHING NEW UNDER THE SUN."

Many persons ignorantly suppose that the history of the present times is without a parallel, yet everything which has recently occurred in our history has occurred in former days and with other people. If it were not so there would be no truth in the saying, that "history repeats itself."

Hume, speaking of Henry the Eighth, says, "it may be said with truth, that the English in that age were so thoroughly subdued, that, like Eastern slaves, they were inclined to admire those acts of violence and tyranny which were exercised over themselves, and at their own expense."

The subjugation of our trans-Atlantic fathers was not so complete as our own.—We now hear the descendants of English ancestors rejoicing over the despotism which is exercised over us. As proof of this only look at the conduct and acts of Judge Rodman, Victor Barringer, and our "beloved Governor." With what zeal they served the Confederacy; with what promptitude and alacrity they now cry for loyalty and for treason to be made odious.

THE revenue bill having "hung fire" in the Senate, was referred, last week, to a special Committee of one from each Congressional District. This Committee have made a report and the bill is up again before the Senate, and the amendments proposed by the Committee do not appear to give general satisfaction, at least we judge so, from the debate on each separate section, as they came up for consideration.—The truth is, revenue is necessary to meet the immense expenses of the State, as well as to pay the *interest* on the State debt, and, hence, the trouble to levy a tax which will not be repudiated by the people in their poverty. We predict that when this revenue bill goes before the people, such a cry of indignation will come up from all quarters, as to vacate the seats of many whose legitimate business is the workshop or the corn field.

"LET US HAVE PEACE."

We are informed that four boxes of arms were sent to the Express office in this city on yesterday directed to Kinston. What does this mean? Is there another "new rebellion" there too, as well as in Alamance? Who will tell? What does the Governor's organ say about it? "Let us have peace."

THE RECALLED PARDONS.

"Data," of the Baltimore "Sun," communicates information concerning the recalled pardons that comports with legal views on all hands. We quote:

It will be recollected that President Grant, immediately upon his taking office as President, directed that certain pardons issued by President Johnson should be revoked, or withheld from the persons intended to be pardoned, in certain cases in New York, Massachusetts, and elsewhere.—Attorney General Hoar has had this subject under consideration, and it is understood he decides that the revocation of the President will not stand in law; that the act of the Executive was completed when the warrant of pardon was placed in the hands of the United States marshal or other officer, and that if the persons intended to be pardoned shall not be released, that upon habeas corpus, the courts would release them.

The daughters of Andy Johnson left the mansion in better order than it has ever been left in before, by an outgoing President.

CHARLES' LONDON CORDIAL GIN, or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

For the Sentinel.

LETTER FROM WESTERN NORTH CAROLINA

Editor of Sentinel:—I promise to consume as little time as possible, and so will come to the point without further introduction. There are two points I wish to remark upon: 1. What the people know. 2. What they want and demand.

The *people*, without regard to *party*, "race, color or previous condition," *know* they have been and are now being greatly imposed upon by their Representatives—men to whom they have delegated all their power. They see this imposition plainly, they feel it sensibly, they talk about it much, and complain of it heavily. But poor people they cannot help themselves! The people know they pay heavy taxes to make rich their Representatives, and to make poor themselves and children. The people know the Legislature has been in session a long, long time, and that it has done almost nothing for the good of the country. 'Tis true a great many Masonic Lodges, and Churches, and Associations, and Villages and Bridge Companies &c., &c., have been incorporated; and many unconstitutional appropriations made to Railroads, and in fact, it seems that every thing our Representatives can think of to consume time and "keep up appearances" is brought before that body; but what good from their action, has resulted to the people or State? Echo answers what?

The people know their Representatives, by their own action, have fixed their own pay, at $7 00 per day, and they (the people) complain a little at this; but being a charitable people they try to excuse their representatives as much as possible by saying: "If it were not for good whiskey, bad women, and an inordinate desire for greedy gain, they would perhaps act otherwise, and do more good for the people and State."

The people know when the Legislature adjourns (if it ever does,) and the members return to their respective homes and counties, they will all try to excuse themselves from the great injustice which they have done the people of the State, each blaming the other. Now the people want to hear nothing of this; they know the record of every man.

The people know that more disgraceful scenes have occurred in the Capitol of North Carolina during the sitting of the present Legislature, than were ever witnessed before in said Capitol in the same length of time, and they are sorry that it is so.

I can't tell the one hundredths part that the people do know in regard to the doings of the present Legislature,—they know so much. But one thing I do know, and that is, that the people without regard to party, are sick and tired of the disgraceful proceedings of the present Legislature of North Carolina.

What do the people want? They want to see their native State—North Carolina—prospering. They want to build up as much as possible their shattered fortunes. They want to educate their children. They want to, and do, earn their living by the sweat of their brows; and they want the members of the present Legislature to remember that, and to think of it when they receive seven dollars per day for a long and useless session. They want sober and honest legislators who will labor for the public good, and they want to be taxed to pay them a just and reasonable *per diem* for their services and no more.

The people want and demand an early adjournment of the Legislature. There are, in the opinion of your correspondent, some good and true men of both parties in the Legislature, who have labored for the best interest of the country, and the above remarks do not apply to them—but to the "guilty ones."

Yours &c.,
HARD TIMES.

THE HINDMAN MASSACRE IN ARKANSAS.—A dispatch from Memphis, dated the 17th inst., says:

Yesterday a prisoner in the Helena, Ark., jail, overheard two negroes discussing the assassination of General Hindman, and informed the jailer, who, with the marshal, took one of them out, and after charging him with the crime, the latter confessed to being one of nine negroes who had formed a conspiracy to burn the town of Helena to avenge the hanging of a negro last September for rape.

Three of the party had gone to Hindman's house for the purpose of burning it he having prosecuted the negro who was hung. One of the number seeing Hindman sitting at a window, leveled a musket at him and fired, killing him. The others becoming frightened, fled, and abandoned the plot to burn the town. Five of the nine have been arrested and are in jail.

TERRIBLE SHOOTING AFFRAY.—THREE MEN KILLED.—*Cairo*, March 18.—As the steamer Belle of Memphis landed at Darrell's landing, three men, all named Darrell, got on board, armed with rifles, but not looking in any was suspicious. They told the captain to land at Island No. 10, as another party wished to come on board there. As the boat landed at Island No. 10, three men, by the name of Lane, appeared on the bank, and one came on board with his wife. As he started up stairs, he was shot dead by the Darrels, who then ran back to the cabin deck and shot the two Lanes dead, who were standing on shore. The Darrels then went ashore and called to the captain to take good care of Mrs. Lane, as she had been especially raised. The cause of the difficulty is unknown.

The Hartford *Times* wrote that Mr. Stewart was the greatest "importer" in the country, and printed that he was the greatest "imposter." It apologizes for the blunder, but says it might have been worse.

"What! are you drunk again?" "No, my dear; not drunk, but a little slippery. The fact is, my dear, some scoundrel has been rubbing my boots till they are as smooth as a pain of glass."

The New York "Commercial" of a late date remarks that the "Louisville 'Journal' has a chip on its shoulders which it dares anyone to knock off." To this Prentice retorts: "The editor of the New York 'Commercial' (Tourlow Weed) has a block on his shoulder which ought to be knocked off."

DIED:

He was much esteemed by his neighbors, among whom he was conspicuous for his warmth of feeling and his original, yet practical, mind.—His death creates a void in many hearts of which they will long be sensible. LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country,

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK.....President.
ABRAM D. POLHEMUS.....Vice President.
WILLIAM M. COLE.....Secretary.
D. P. FACKLER.....Consulting Actuary.
DANIEL AYRES, M. D., LL.D.....Med. Examiner

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guarantees a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, late Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $126 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various plans of whose life and endowment insurance, with dividends on the contributions plan, which may be applied to the reduction of each annual premium after the first, or the full premium may be paid each year and the dividends applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life-policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up policy.

When, by adding the dividends to the Cash Value, the accumulations on any policy shall have become sufficient to keep the same in force for *its full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the final additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of such Policy the sums insured thereby will be paid in full, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payments of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—The popularity is altogether unprecedented in the annals of commercial enterprise in this country."

March 17-tf

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7,161,304 11
Income from Interest,	1,304,903 48
Total Income for the year,	8,746,207 59
Losses paid,	4,451,965 00
Dividends paid,	928,264 00
Total Losses paid to date,	6,080,965 00
Total Dividends paid to date,	2,197,5 8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME, offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three premiums. Also remember, this Company has $126 Assets securely invested, for every $100 of its Liabilities.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

NEW METHOD OF WASHING CLOTHES

WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest lace to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP, LOOK OUT! HANDS OFF! and show your good judgment by
